I, as the Vice-Chancellor of the University have the great pleasure to present the Annual Report for the academic year 2013-14. The Report contains profile and activities of the students, academic information, courses of studies, affiliating colleges including institutes in the University.

On the academic front, the University has been conducting its teaching & research programmes smoothly & efficiently. The University has organised several international and national seminars, symposiums, conferences and inspire internship science camps. A number of guests from various parts of the country and abroad visited the University. In the month of March, 2014, thirteen eminent playwrights, theatre personality and scholars from USA, Israel, UK, South Africa, Spain, Holland, Germany, Indonesia, Bangladesh stayed in the University and participated in the International Encounter “Theatre of the Earth” held in the University on 26-30 March, 2014. The Academic Staff College of the University organised a number of Refresher Courses, Orientation Courses, Special Summer Schools and Short term Courses from time to time.

Manipur University has 6 Schools of Studies with 31 teaching departments, 6 Studies Centres, Special Cell for the Welfare of Scheduled Castes and Scheduled Tribes, University Museum and UGC’s Academic Staff College. The University has 87 Affiliated Colleges including two Medical Institutes (RIMS & JNIMS), and 7 Teachers` Training Colleges, 3 Law Colleges, 5 Nursing Colleges, 1 Dental College and 1 constituent Engineering College which will be introducing PG Course in Civil Engineering from the academic year 2015.

The University has instituted 81 Gold Medals and 8 Cash Awards for the meritorious students. The University is awarding fellowship for the PhD students as well as a limited number of free studentship and financial assistance for PG students. In addition, the students are also provided a number of fellowships sponsored by different funding agencies.

From the Desk of the Vice Chancellor

Prof H Nandakumar Sarma
Vice Chancellor, Manipur University
The University receives about Rs. 56 crores from different funding agencies for research projects during the last 5 years. Besides, the Department of Physics, Biochemistry, Chemistry, Geography, Life Sciences, Mathematics and Earth Sciences are receiving funds from DST-FIST Programme. The Department of Chemistry, Economics, Manipuri and Physics are also receiving funds from the UGC under the Special Assistance Programme (SAP).

Manipur falls on the active subduction tectonics between India and Burma Micro plates where the frequency of moderate magnitude earthquake is high. A Multi Parametric Geophysical Observatory (MPGO) has been set up in the University for Online Acquisition for various geophysical parameters such as electrical, magnetic, electromagnetic, magneto telluric, crustal velocity, radon emission, earthquake and ground acceleration data from downhole sensors. It is the first attempt made in the entire country where the acquired data is directly uploaded to Indian National Centre for Ocean Information services, Hyderabad.

The EMRC of the University has developed 194 e-courseware for Anthropology based on UGC model curriculum for BA/BSc, 300 courseware for BSc. Agri, 150 courseware for Undergraduate Life Sciences, 120 courseware for Human Rights & Duties Education and 115 courseware for Physical Education and Sports Science.

The Library of the University has been serving as a resource centre in the State. The total number of books collected in the University Library is around 1,73,427. The total INFLIBNET e-journal available in the University is 8663.

The University has been organizing Inspire Internship Science Camp since 2011. So far, a total number of 1300 higher secondary students participated in eight camps since 2011. Manipur ranks 2nd position for receiving the Inspire Fellowship Awards in the country.

The students of the Manipur University have also excelled in sports and cultural activities. In view of the achievements of the students in the field of sports and cultural events, the Parliament Standing Committee who visited North East has recommended for the construction of a Mini Stadium and a Cultural Complex in the Manipur University.

Recently, the Indian Citation Index (ICI) compiled by India based non-profit group M/s Diva Enterprises Pvt. Ltd. published its ranking of 40 Central Universities based on their research activities. The report is based on the available data from the year 2004 onwards. In the said ranking Manipur University comes at the 7th position among the 40 Central Universities.

On the day of the 14th Convocation of the University held on 29.04.2014 an exhibition was also displayed by fifteen innovators. The Hon’ble President of India, the Hon’ble Governor of Manipur, the Hon’ble Chief Minister and the Deputy Chief Minister of Manipur were also kind enough to visit the pavilions of the innovators and appreciated the initiative taken by the innovators. The University has
constituted a Committee for Innovation Programme and proposes to establish an Innovation Centre with financial assistance from the UGC to cater to the scientific and academic needs for the inventors of the University in particular and those of the state in general.

I, on behalf of the University and my own behalf, take this opportunity to thank the Hon’ble President of India and Visitor of the University; the Hon’ble Governor of Manipur & Chief Rector of the University; Professor Dilip Madhukar Nachane, Chancellor of the University; the Members of the Court, Executive Council and Academic Council; the Ministry of Human Resources Development, the University Grants Commission, the Association of Indian Universities, the National Assessment & Accreditation Council, the All India Council for Technical Education, the National Council of Teachers Education, the Bar Council of India, the Medical Council of India, and various departments of the Govt. of India and Govt. of Manipur for their whole hearted cooperation and support. I also gratefully acknowledge the cooperation and assistance given by the various government funding agencies.

I would also like to keep on record my deep appreciation and acknowledgement to all the teaching and non-teaching staff members and students of the University and affiliated institutes and colleges for their sincere cooperation in the compilation of the Annual Report 2013-14 and working towards the common goal of making this University a great centre of higher studies for the development of the state and the country.

In addition to the M A., M Sc., M Com., MBA, MCA and PhD. Programmes of the University, there is a Diploma Course in Human Rights. The Departments of Biotechnology and Physical Education & Sports Science have Integrated Courses of 5 years leading to Postgraduate Degree.

**Language Laboratory:**

The University has one Language Laboratory under the School of Humanities. The Laboratory has been helping the students of Language Departments namely, English, Hindi, Linguistics and Manipuri.

**Students’ Facilities:**

The Dean of Students’ Welfare looks after the welfare of the student community of the University. He is assisted by the Wardens; Coordinator, National Service Scheme; an Assistant Director of Sports; a Chief Medical Officer; an Assistant Registrar and supporting staff. The Government of Manipur has also established a University Employment Information and Guidance Bureau in the University to guide the students. The University has a total of five hostels for students (three Men's Hostels and two Ladies' Hostels). The students have also been extended transport facility by the University for commuting between the University and Imphal City. Three buses of the University have been plying to and fro to certain areas of the Greater Imphal extending transport facilities to the students, teachers and staff of the University.

A detailed report of the Dean of Students’ Welfare on student activities, Sports, Culture, Health Centre, Employment Information and Guidance Bureau, Hostels, Special Cell, etc. are given separately.

**Engineering and Estates:**

The Engineering and Estates Department is responsible for the maintenance of the University assets, construction of new structures, overall infrastructure development activities of the campus, etc. This Department is led by a University Engineer. He is assisted by one Retd. Chief Engineer (Civil) as Chief Consultant, one Assistant Registrar (Estates), three Assistant Engineers, two Junior Engineers, one Architect (Consultant) and other technical and supporting staff.
Works Committee:
The Engineering and Estates Department prepares preliminary estimates. The estimates are then placed before the Works Committee chaired by the Vice-Chancellor. Other members of the Committee include Chief Engineer; Senior Architect and Retd. Chief Engineer of PWD; Chief Consultant (Civil); Principal, Manipur Institute of Technology; Registrar; Finance Officer; University Engineer and representatives of user Departments of MU. After a proper scrutiny of the estimates, the Committee recommends the estimates to the Vice-Chancellor of the University for obtaining administrative and financial approval. After a careful scrutiny of the design, drawing and the detailed estimates which are normally based on adequate data, the Committee then recommends the works for implementation after acquiring technical sanction from the Chief Engineer.

Consultant.
The University Engineers usually carry out scrutiny of tender documents, and also work out analysis of rates for arriving at reasonable rates for the works. The tender documents along with analysis of rates and other supporting documents are then placed before a Sub-committee comprising five members, which is chaired by the senior most Dean of the Schools of Studies. Other members of the Sub-committee include Chief Engineer; PWD; Chief Consultant; Finance Officer and University Engineer. The Sub-Committee after examining the tender documents analyses the rates carefully and its reasonability before presenting it to the Works Committee for approval.

The Engineering Department prepares a work programme under the guidance of the Vice-Chancellor after receiving requisitions and proposals for construction from various departments. The Proposed work programme is then placed before the Works Committee, after detailed deliberations and scrutiny, recommends the proposed work programme for approval of the Vice-Chancellor.

Regarding contract agreement open notices inviting tenders (in PWD form) are normally issued for public purposes/conveniences after necessary financial and technical sanctions are obtained.

Prior to calling such open tenders, screening of Contractors is carried out by inviting applications for enlistment/empanelment of Contractors. The tenders are then scrutinized in the prescribed manner. After acceptance of the tender, an agreement in the appropriate PWD form is drawn with the agency in whose favour the tender has been accepted.

The University Engineer is solely responsible for enforcement of various clauses of the contract agreement and those works are executed in the true spirit of the contract. At present, the staff of Engineering and Estates for execution of the proposed projects is considered adequate. In case the workload increases the University may take action to increase technical staff for smooth and expeditious implementation.
Campus Facilities:
A branch of the State Bank of India functions at the campus and one branch of the Bank of Baroda also started functioning. There is also a Sub-Post Office on the campus. The Water Supply of the Public Health Engineering Department of the Government of Manipur takes care of the water supply of the University and also to the adjoining areas of the University campus. Besides, the University Canteen along with other smaller Kiosks takes care of the requirements of the University Community.

Health Centre:
The University Health Centre looks after the health care to all the students, scholars, University employees and residents on the campus and nearby surrounding. A total of 5053 (five thousand fifty three) patients attended the Health Centre during the period under period.

University Guest House:
The University has a Guest House. It has a total of 20 rooms including VIP rooms both on the 1st and 2nd floors. A total of 832 guests including 49 foreigners stayed at the Guest House during the period under report. The construction of another International Guest House is going on in full swing.

Conclusion:
The University has made all round progress despite certain difficulties faced by it. With the up-gradation of Manipur University to a full-fledge Central University, the university is able to reach further heights in all round infrastructures and academic development to become the best and highest temple of learning in the region. It is hoped that the Manipur University makes further progress in the field of research and teaching so as to cherish the dream of higher learning in the region.
The School of Humanities consists of 7 (seven) Departments, viz, (1) Department of Dance (Manipuri), (2) Department of English, (3) Department of Hindi, (4) Department of Linguistics, (5) Department of Philosophy, (6) Department of Manipuri and (7) Department of Foreign Language. There are 53 (fifty three) faculty members under the School comprising 14 (fourteen) Professors 7 Associate Professors 14 (fourteen) Assistant Professors 11 (eleven) Guest Lecturers and 4 (four) Guest Faculties. During the period under report 26 (twenty six) research scholars were awarded Ph D degree under this School i.e. English 10, Manipuri 7, Philosophy 1, Hindi 6 and Linguistics 2.

In addition to their normal academic activities, most of the teachers have been undertaking various research projects. Many of the faculty members, apart from publishing research papers in reputed journals, attended a number of regional, national and international seminars, symposia, conferences and workshops etc. The Progress of various research projects under the school of Humanities are quite commendable. The departments under this school organized seminars and workshops, to cater to the needs of the students and researchers. The project of UGC – SAP (DRS-I) in the department of Manipuri is in progress. Prof S K Banerjee, Calcutta University visited Department of the Linguistics, Manipur University and delivered lectures on the topics (i) Identity, Culture and Language and (ii) Some Aspects of Tibeto-Burman Languages during September 30-October 1, 2013 during the period under assessment.

Introduction:

In the Academic year 2013-14 the Department of Manipuri has made memorable academic events one after another. In 2013 Manipuri Department produced 87 M.A. and 15 PhDs. A remarkable Folklore field work was also made to the Manipuri inhabitant areas of Tripura, Agartala and collected folktales, proverbs etc. during April 14-19, 2013. Research investigations into the important historical and legendary places like Lainingthou Puthiba of Abhoi Nagar, Lainingthou Pakhangba of Bonomalipur, and Sana Chahi Ahum Shrine of Dhaleswor etc. were also carried out. Many related legends were collected and the trip was recorded with video camera.

The Department of Manipuri has completed the 5 years term of UGC – SAP (DRS – I) Research Project during this Academic year i.e. 31.3.2014.

A Brief Report on the Project:

UGC has honoured Manipuri Department on recognition of the various activities & contributions of the Manipuri Department by giving the SAP- (DRS-1) for 5 years from 1st April 2009 to 31st March 2014. For this research project, Prof. S. Sanatombi Singha was the Coordinator and Prof. P Nabachandra Singh was the Deputy Coordinator.

To proceed with the project we submitted a work plan to be conducted. Accordingly the Department conducted three Seminars successively with reference to three thrust areas of the research project:

1. Myth and Reality in Old Manipuri Literature, 24 & 25 Feb. 2010
During this period many field trips to collect data in relation to the areas of Folklore and Culture were made. We have collected as many as 105 (one hundred five) folktales from many places of Manipur and outside. These are ready for publication. Not only this, in the areas of Old Manipuri Literature also we have collected a few old manuscripts in the Xeroxed form.

**Objectives of the Department:**

The Department of Commerce, Manipur University, was established on Monday the 2nd July 1984, to cater the needs of higher education particularly in Manipur and in the North Eastern Region of India. The main objective of this Department is to inculcate the role of Commerce education in India as well as in the globe. This being an age of advancement, the subject is focused in the post graduate and research level and other allied courses. Incidentally, in job crisis all over the country and state, the entire course study is focused on “Job providers and not Job seeker”. Over and above, the purpose of the subject is to train and develop the younger generation in the present corporate world.

**Mission:**

The Department is to act as catalyst,
facilitator and motivator for the students, institutions, organizations and industries through functional efforts and to achieve greater success and make an enhanced contribution to the society by providing opportunities for sharpening skills, education and innovative guidance. The Department provides continuous and active interaction that reflects to the environment changes and treated academically as core competence, benchmarking, restructuring and development.

Vision:
To create a new business environment with practical application, co-operation, co-existence, growth and development, which are sustainable through transformation of human resources.

Objectives
To fulfil the above mission and vision, following main objectives of the Department are set for:

1. To promote excellence in the field of higher education.
2. To achieve academic depth of the subject.
3. To identify the needs of the society.
4. To attain high standard for shaping the students of Commerce on the international platform.
5. To imbibe fair knowledge on the current trend such as Accounting, Finance, Human Resource Development, Marketing, Information Technology, E-Commerce, Entrepreneurship, Banking and Insurance etc.

The aims and objectives of the Department, since its inception, have been to acquaint the students fully with theoretical techniques of economic analysis, including the most recent advancements and to enable them to use the theoretical knowledge in handling applied economic problems.

The Department admits 80(eighty) students every year to its two-year Master’s degree programme. In addition to the core courses, the Department offers four specializations in Agricultural Economics, Development Economics, Econometrics and Population studies. The curriculum and syllabi are up-to-date. It keeps abreast with the national pattern and standard. The Ph.D. programmes of the Department concentrate on applied national and regional economic problems.

**Prof L Rupachandra Singh**

1. Attended & presented a
research paper “Purification & characterization of a caseinolytic protease from the latex of Euphorbia heterophylla L.” in the 82nd Annual meeting of the Society of Biological Chemists (India) and International conference on Genomes: Mechanism and Function on December 2-5, 2013 held in University of Hyderabad, Hyderabad, India.
2. Delivered a lecture at “Refresher Course in Life Sciences” organized by UGC Academic Staff College, MU on 15.1.2014 on the topic, “Protein structure and function.”

Prof S Kunjeshwori Devi
1. Attended & presented a research paper “Purification and characterization of a lectin from the fruiting body of Lentinus cladopus Le’v.” in the 82nd Annual meeting of the Society of Biological Chemists (India) and International conference on Genomes: Mechanism and Function on December 2-5, 2013 held in University of Hyderabad, Hyderabad, India.
2. Delivered a lecture at “Refresher Course in Life Sciences” organized by UGC Academic Staff College, MU on 25.1.2014 on the topic, “Clinical Enzymology”.

Dr Debananda Singh Ningthoujam
1. Organized a Three Day Workshop on ‘Recent advances in chemical biology’ March 24-26, 2014 sponsored by Indian Academy of Sciences, Bangalore
2. Presented a lecture on chemical biology: Plant-Microbe Interactions, March 26, 2014 ASW on Recent Advances in Chemical Biology during March 24-26, 2014, MU
5. Delivered an Outreach lecture on Microbial Biotechnology: Major Applications & Recent Breakthroughs, Feb 3, 2014

Dr S. Sunil Singh
1. Participated in the Regional Science Congress for North Eastern Region, Dec 30-31, 2013 at M.U.

The Department of Life Sciences was established in 1972 as a Post Graduate Study Centre of Jawaharlal Nehru University, New Delhi under the name of 'Department of Applied Biology'. The department offers post graduate degree as well as doctoral degree in the field of basic disciplines such as Animal Physiology, Ecology, Entomology, Fishery, Genetics, Parasitology & Microbiology, Plant Pathology and Plant Physiology. Special Assistance Programme of UGC sanctioned to this department in 1990 has been upgraded to Centre of Advanced Studies in Life Sciences for a period of five years from 1-9-2010 to 31-3-2015 on the basis of academic achievements in the thrust areas namely Biodiversity, Carbon sequestration in forests, Redox biology and Aerobiology. The faculty members contributed significant number of research papers in international and national journals of repute and impact.
oriented research projects funded by various funding agencies.

The Fishery section of the department maintains a fish museum which houses more than 3000 fish species preserved in 10% formalin. There are more than 400 fish species collected from different parts of the country like Uttarakhand, U.P., Sikkim, Andamans and North east India also from Bangladesh and Myanmar. There are holotypes and paratypes of about fifty fish species described from Manipur and other states of Northeast India. ‘Catalog of Fishes’ published by the California Academy of Sciences, USA and Fishbase, both internationally accepted websites on fish database recognize the museum as MUMF and is listed in the museum codes of their publication.

The department has also a Bioinformatics Infrastructure Facility Centre funded by DBT, Government of India, New Delhi.

**Project:**

**Prof. N. Irabanta Singh**

1. Co-ordinator cum Main Principal Investigator of the project, “Developing a digital database on bioresources of North East India – through a network approach among North Eastern States”. The Manipur University is parent Institute; other collaborating Institutes include D.M.College of Science, Imphal, Gauhati University, Guwahati, Nagaland University, Mizoram University, The Mountain Institute of India, Sikkim, Gangtok, NERIST, Itanagar (A.P.) and Tripura University, Agartala. The cost of project is 258.86 lakhs being funded by DBT/GOI, New Delhi.

2. Co-ordinator, Bioinformatics Infrastructure Facility, Department of Life Sciences, Manipur University. So far DBT/GOI has released fund to the tune of Rs.49.22 lakhs for development of Infrastructure facility.

**Prof. R. Varatharajan**

1. A research project entitled Thysanoptera (Insecta) fauna of North-East India has been sanctioned by Department of Science and Technology, New Delhi for a total cost or Rs.13,72,600/- and it is implemented from September, 2012.

**Prof P Kumar Singh**

1. “Technology & Infrastructure needs for cultivation, processing and preservation of some indigenous medicinal plants under R & D Sector”, National Medicinal Plants Board, Department of AYUSH, Ministry of Health and Family Welfare, Govt. of India, Three years (01-04-2006 – ongoing), Amount – Rs.9,50,000/-

3. Developing a digital database on bio-resources in North-East India – Through a network approach among North-Eastern States”,
DBT, New Delhi, Programme for North-Eastern Region, December, 2011 onwards (three years) (ongoing) – Amount Rs.40,52,000/-.

Seminars/Workshop/Conferences Prof G J Sharma

Prof. N. Irabanta Singh

**Bioinformatics Infrastructure Facilities**

**Training/workshop conducted/obtained:**

2. One of the project fellows of BIF participated in the 6th NEBInet Coordinators’ Meet, Interactive Meeting for North East Bioinformatics Centres as Research Associate held during 11th -12th November 2013 in the Bioinformatics Centre, Assam University, Silchar.

3. Three project fellow were send for training on Data entry, Data compilation and Basic queries held at School of Ecology and Conservation, University of Agricultural Sciences, GKVK, Bangalore during 24th to 26th March 2014.

**Prof. W. Vishwanath Singh**

1. Invited as Guest of Honour and to deliver a lecture in the International Day of Biodiversity on May 22, 2013 celebration held in the Kangla Hall, Imphal organized by the Directorate of Environment, Govt. of Manipur.

2. Invited for a talk in the National Fish Farmer’s Day held at Krishi Vigya Kendra, Thoubal on July 10, 2013.

3. Invited for a talk in the National Seminar on Recent Trends in Bioresources Management and Biodiversity Conservation held at Rajiv Gandhi University, Itanagar, October 17-19, 2013, delivere an invited talk.

4. Attended ZRT (Quiquennial Review Team) meeting of NBFRG (National Bureau of Fish Genetic Resources) at Lucknow, 5-6, 2014 and at its Kochi Centre from February 7-8, 2014 as ZRT member.

5. Attended Research Advisory Committee (RAC) meeting of NBFRG, Lucknow from March 3-4, 2014 as Chairman, RAC.

6. Invited for a talk and to chair Fish & Fishery Session in the IUCN sponsored International Symposium on Ganga-Brahmaputra-Meghna River basin Biodiversity and Conservation from April 4-6, 2014 held at Patna.

7. Invited as Guest of Honour and to deliver a lecture in the International Day of Biodiversity on May 22, 2014 celebration held in the Maharaja Chandrakirti Auditorium, Imphal, organized by the Directorate of Environment, Govt. of Manipur.

**Prof B Manihar Sharma**

1. Attended as a resource person of DBT’s Natural Resources Awareness, Biodiversity and Conservation Program (02-03 May, 2013), CSIR-NEIST Complex, Lamphelpat, Imphal.

2. Attended as a resource person and delivered ‘Plenary lecture
on ‘Importance of Biodiversity Conservation Seminar, Keibul Lamjao National Park (25 May 2013) organized by DNA Club, CSIR-NEIST.

3. Attended as Chief Guest and Resource Person of National Environment Campaign Seminar, Imphal College (1st August 2013) organized by Dept. of Environment, Govt. of Manipur.

4. Attended as resource person of INSPIRE Fellowship Science Exhibition held at Lamyanba Sanglen (11-13 Sept., 2013) organized by Education Department, Govt. of Manipur.

Prof M Shyamkesho Singh

Prof G K N Chhetry

1. Attended the National Conference cum exhibition on “Devine Medicinal Plants based medicinal products, Panchagavya and their roles in Integrated Rural Development at Vigyan Bhavan, New Delhi on 2/2./2014

2. Attended and graced the Inaugural Function as a Chief Guest of the National Seminar on “Organic farming in India : Prospects and Challenges with special reference to North-east India” held on 29/3/2013 in the Department of Botany, Standard College, Imphal.

Prof R K Gambhir Singh

1. Attended National Conference on Recent Advances in Modern Biology & Sericulture for Women Empowerment and Rural Development (RAMBSWERD), 24-26 October, KSSRDI Bangalore-62, Karnataka.

2. ISCA Regional Science Congress for NE Region – 2013 (ISCA-RSC 2013), 30-31 December, 2013, Manipur University, also chaired the session of the Young Scientist (Selection / Contest) Program on 30.12.2013.

Prof P Kumar Singh

1. Attended as a resource person and presented an invited talk on “Biodiversity Hotspots of Manipur” in the “Two-day Training Programme for Biodiversity Committee Members on 11th & 12th February, 2014 under the sponsorship of Manipur of Manipur Biodiversity Board at Forest Training School, Luwangshangbam, Imphal, Manipur.

2. Attended and presented an invited paper “Traditional Knowledge of Biofertilizer and Organic Farming”, Proceedings of the National Seminar on “Organic Farming in India : Prospects and Challenges with special reference to North East India”, organized by Department of Botany, Standard College, Kongba, Imphal, in collaboration with Department of Life Sciences,

Prof Asha Gupta
1. Attended as a resource person in the “Bamboo in Climate Change Mitigation and Livelihood Security”, Environmental Sciences Section, ISCA Jammu University, 3-7 February, 2014.

2. Attended and presented a paper on in the “Traditional Institutions and Biodiversity Conservation – Role of Women as Innovators”, Women Science Congress, 3-7 February, 2014, ISCA, Jammu University.

3. Attended as a chairperson in the Women Science Congress, in Regional Science Congress for NE India, 30-31 December, 2013, Manipur University, Imphal.

4. Attended as a resource person and delivered 3 (three) lecture in Life Sciences (20 January, 2014) and 2 (two) lectures in Commerce Dept. (14 February, 2014) organized by Academic Staff College, Manipur University, Imphal.

Prof. R. R. Pandey
1. Participated and presented paper on “Arbuscular mycorrhizal and dark septate endophyte fungal associations in some woody tree species from tropical and subtropical forests of Manipur, Northeast India” in 7th International Conference on Mycorrhiza, TERI, New Delhi, 6-11 January, 2013.

Dr M. Damayanti Devi
1. Two days Workshop on structure determination of small & macromolecule using X-ray crystallography data, Chemistry Department, Manipur University, May 6-7, 2013.

2. Two days Conference on “An interactive meeting with the
traditional practitioners of Meghalaya on use of plant based herbal drugs”, North Eastern Hill University, Shillong, India, June 13-14, 2013.

4. 5th Global Summit on Medicinal & Aromatic Plants “Herbal Drugs for Health Care in 21st Century, Marriott Resort & Spa, Miri, Sarawak, Malaysia, December 8-12, 2013.

5. A three-day Lecture Workshop on Recent Advances in Chemical Biology, Manipur University, March 24-26, 2014.

Dr Th. Binoy Singh

1. Attended and presented a paper on “Investigation of Earthworm population in the natural habitat of reserved and disturbed sub-tropical forest ecosystem, Manipur, India” in the National Seminar on “Plant Resources of NE Region and their Bioprospecting”, 2013, Dept. of Botany, sponsored under UGC SAP DRS-I Programme, Gauhati University, Assam.

2. Attended and presented a paper on “Association between earthworms and habitat characteristics in an oak dominated mixed forest ecosystem of Phayeng, Manipur” in the National Conference on Bioresource Inventory and Emerging Conservation Strategies with special reference to North east India” 2013, Dept. of Environmental Sc., Mizoram University.

3. Attended and presented a paper on “Studies on the diversity and distribution of Earthworms in relation to land use pattern in the oak dominated sub-tropical forest ecosystem of Manipur, North East India”, International Ecological Conference (INTECOL), 2013, ICC, British Ecological Society (BES), London.

Dr Ch Sarojnalini Devi

5. Oral presentation on Effect of Maillard Reaction of the Eastern Himalayas – International Congress on Agriculture, Food Engineering and Environment
Manipur University Annual Report  2013-14

Dr Kananbala Sarangthem
1. Attended and presented a paper in the Thematic Orientation Workshop on Trace Element Analysis and Radiological Sciences, Dept. of Chemistry, Manipur University in collaboration with UGC-DAE Consortium for Scientific Research, Kolkata Centre, 12 - 14, March, 2013, Manipur University.
2. Attended and presented a paper in the National Symposium on Recent Trends in Chemical Sciences (NSRTCS-2013), Dept. of Chemistry, Manipur University, 22-23 March, 2013.

Dr N Mohilal Meitei
2. 3rd Workshop for organisers of DST-Inspire Interns Science Camps at Pondicherry University, Brookshabad Campus, Port Blair, Andaman. 11-13 April, 2013.
4. Two days Regional Science Congress for North-Eastern Region, Manipur University, Canchipur. December 30-31, 2013.
7. Invite lectures on Integrated Nematode management in the Current Scenario of Climate change. Capacity Building training programme on Plant Protection Strategies in the current Scenario of Climate change. Directorate of Extension Education, Central Agricultural University, Imphal. 7th September, 2013

Honour/Award
Prof N Irabanta Singh
1. The Science Council, U.K. and the Society of Biologist, London jointly awarded the prestigious Chartered Scientist Status to Prof.
N. Irabanta Singh, Dean School of Life Sciences, Manipur University for his professional contribution as life Scientist to the public

**Dr M Damayanti Devi**

**Events**

1. A National Seminar on Redox Biology was held on 28 & 29 March 2014 sponsored by UGC & ICMR, New Delhi with Prof. G.J. Sharma as Organizing Secretary.
2. A Seminar on ‘Organic Farming in NE India : Prospects & Challenges was held on March 30 & 31, 2014 in collaboration with Botany Department, Standard College, Kongba, Imphal.

**Any Other Activities**

**Prof N Irabanta Singh**

1. Attended inaugural function of three day (17-19 January, 2014) Workshop-cum-Training on Access to Library resources and Internet sponsored by National Library, Govt. of India, Kolkata and organised by Manipur University Library as President.
2. Attended inaugural function of Two week DBT/GOI sponsored winter School Programme on “Basic Scientific Techniques and Instrumentations” held on 17.02.2014 at S. Kula Women’s College, Nambol as Chief Guest.
3. Attended one day (March 10, 2014) National Seminar on “UGC Regulations on API: Methods and Procedures organised by Federation of Government College Teachers’ Association, Manipur in collaboration with Imphal College, Imphal and N.G. College, Imphal, as Chief Guest.
4. Adjudicated Ph.D. theses of the following scholars of Indian Universities:
   a. S. Suresh Kumar, Botany Department, Pondicherry University, Puducherry.
   b. Ms Dulamani Sharia, Botany Department, Gauhati University, Guwahati.
   c. Ms Sudhana Medhi, Botany Department, Gauhati University, Guwahati

**Post Doctorate Fellows Working Under Prof N Irabanta Singh**

1. Dr. Nonibala Khumanthem, DST No: SR/FT/LS-47/2012. She is working on Project entitle “Screening of cyanobacterial isolates with antimicrobial potential from rice fields of Manipur”.
2. Dr. Maibam Sharmila Devi, DST No: SB/YS/LS-45/2013. She is working on project entitled “A study on Bio-efficacy of some plant derivatives for management of Pieris brassicae (Linn.) (Lepidoptera: Pieridae) on cauliflower in Manipur : an eco-friendly approach”
3. Dr. Romesh Sagolshemcha, DST No. SB/YS/LS-69/2013. He is working on project entitled “Biocontrol potentials of Rhizobium spp. against plant pathogens and...”
symbiotic interaction with certain non-leguminous plants”.

**Special Assignment from the University:**
1. Prof. N. Irabanta Singh, being the seniormost Dean, School of Studies in Manipur University was nominated by the Vice-Chancellor, Manipur University as University’s nominee for UGC Assessment Committee for Granting Autonomous Status to Oriental College, Imphal vide letter No.MU/III/75/98/Admn.I/027 dtd 12 April 2013.
2. Prof. N. Irabanta Singh, Dean, School of Life Science, M.U has been appointed as inquiry officer of the One-Man Inquiry Committee to look into allegation of misbehavior and violation of the rules and regulations of the Manipur Bhavan, Kolkata against Shri Th. Ibungomacha Singh, Assistant Professor, Department of Computer Science Engineering, Manipur Institute of Technology vide order No.1981 dated 6th Dec,2013.
3. Prof. N. Irabanta Singh, being the senior most Dean, School of Studies in Manipur University was deputed by the Vice Chancellor, Manipur University to attend first meeting of the Co-ordination Committee on Higher Education for NE Region held at Hotel Bramhaputra Ashok, Guwahati-1 held on 28th January, 2014. The meeting was hosted by UGC-NERO.

**Prof W Vishwanath Singh**

**DNA Sequencing**
1. Sequencing of COI (Cytochrome Oxidase I) genes of 139 fish specimens collected from different parts of Northeast India have been done. The sequences have been submitted to NCBI (National Centre for Biotechnology Information), USA and accession numbers have been obtained recently. The work is being conducted in collaboration with NBFGR (National Bureau of Fish Genetic Resources), Lucknow under a DBT-Twinning project.

**Prof Asha Gupta**
1. Organizational Secretary – Regional Science Congress for NE India, Innovations in Science and Technology for Inclusive Development, 30-31 December, 2013, Manipur University, Imphal.

**Dr N Mohilal Meitei**

*Memorial lecture/Awareness Campaign/Camps organized*
2. 5th and 6th Inspire Science Camps, Manipur University. 8th – 18th August, 2013.
3. 8th Death Anniversary and 7th Memorial Lecture of Prof. Ch. Dhanachand, Department of Life Sciences, Manipur University. 17th September, 2013.
4. One day Environment Programme for Students in connection with National Environment Awareness campaign, 2013. Department of Life Sciences, Manipur University at
Andro. 6th October, 2013.

**Training Programme attended:**

**Reviewer:**

Hands on Training on Laboratory Procedure, Diagnosis and Control of Cold water Fish diseases. Directorate of Coldwater Fisheries Research, Bhimtal, Uttarkhand. February 28-March 6, 2014.

1. Pakistan Journal of Zoology
2. Proceedings of the National Academy of Sciences, Biological Sciences (NASB).

**Ph D Examiner**

1. University of Kalyani.
2. Mananmaniam Sundarinar University.

**Infrastructure facilities in the Bioinformatics Centre:**

Installed a leased line Internet connection through BSNL, Telecom Department, Manipur.

**Available Hardware**

1. Two (2) Red Hat Linux Servers (High and Medium end, one for proxy).
3. Two (2) Printers (one colour Printers and one black and white Printer).
4. Two (2) Scanners (HP Model), A Digital Copier (Model-Canon)
5. UPS-APC/Emerson online UPS System Capacity (6KVA, 230VAC).
7. A Router & A Sony LCD Projector
8. Desk & bench

**Available Software:**

2. Antivirus – Kaspersky Internet Security
3. One unit of Geneious Pro Ver. 5.3 (Single User Academic Licenses)
4. BioDiversity Pro-32, MEGA5.03, BioEdit, ClustalW2, pDRAW32
5. Rasmol and other online Bioinformatics tools.
6. Kapersky Internet Security

**Departmental Library:**

The BIF library has a good collection of latest computer books and bound hardcopies of Journals. The centre is providing Information Retrieval Facility to the students, research scholars and faculty members under School of Life Sciences (Life Sciences, Biochemistry and Biotechnology ) by providing internet and e-journal accessibility through the DeLCON Core Library. The Centre has e-journal accessibility through NER-DeLCON.
The School of Human and Environmental Sciences consists of five departments, viz. Department of Anthropology, Department of Earth Science, Department of Forestry and Environmental Science, Department of Geography and Department of Physical Education and Sports Sciences where seven Professors, four Associate Professors/Readers, 12 Assistant Professors and six Guest Faculty/Lecturers are actively engaged in teaching and research for various programmes such as BPED, MA/M Sc, Ph D, Post Doctoral and Projects. All are field oriented disciplines and out of them Department of Forestry & Environmental Science and Department of Physical Education & Sports Science started their PG courses from 2013.

During the assessment period of 2013-14, the school admitted 30 undergraduate, 116 post graduates and 14 Ph D students. Two Assistant Professors joined newly, two Associate Professors got promotion of Professor and four Faculty members got up-gradation to higher scale of their respective posts under the CAS. Departments organized three state level seminars and two national seminars. Faculty members published research papers, 18 in international journals, 27 in national journals and 12 in edited books. They also presented papers, three in international seminars, 14 in national seminars and 18 in state level seminars. Besides, they attended various academic gatherings, two in international level meet, 13 in national seminars and symposiums and nine in state level workshops and seminars. Faculty members of the departments delivered lectures, 12 in national level programme and three in state. During the period, 13 research projects funded by UGC (5 nos.), CSIR (1 no.) DST(3 nos.) ICSSR (1no.), Ministry of Earth Science (2 nos.) and Ministry of Women and Child Development (1 no.) were on progress. Three women scientists were on their on-going programme of Post Doctoral Fellowship. More than a dozen Post Graduate students got through UGC, CSIR-JRF/NET examinations and Inspire Fellowship.
To encourage the interdisciplinary approach, the school conducted a Pre-PhD Course of one semester for the fresh Ph D students of all the departments. Four candidates were awarded PhD degree from the school during the period under reviews. Two Board of Studies meetings and nine Purchase committee meetings/approvals by circulation were some of the important events held for the school to transact and facilitate academic related matters for the University.

The Department of Physical Education and Sports Science established in November, 2008, is one of the emerging professional teaching departments of the Manipur University. The department offers Under Graduate (B.P.Ed. Integrated 4yr Course), Post Graduate (M.P.E. Course) and Ph.D.

Physical Education, which is an integral part of education, aims at improving the human performance through the medium of physical activities selected to realize the desired outcome. It also includes the acquisition and refinement of motor skills, the development and maintenance of fitness for optimal health and well-being, the attainment of knowledge and growth of positive attitudes towards physical activities. Moreover, Physical Education is concerned not only with the physical outcomes that accrue from participation in activities but also with the development of knowledge and attitudes conducive to lifelong learning and participation. In fine, it aims for the development of physically, mentally, socially and emotionally fit citizens.

**VISION OF THE DEPARTMENT:**
To cultivate the excellence of human resources in the dynamic enhancement and development of Physical Education and Sports through innovative programs in teaching, coaching, research and also to sharpen up the human talent for potential champion of tomorrow.

**OBJECTIVES:**
1. To create and train the highly qualified professionals in the field of Physical Education and Sports.
2. To establish the placement services in various academic and Non-
academic areas.
3. To promote the mass participation in the field of Physical Education and Sports.
4. To impart the scientific knowledge and encourage the studies in the field of Physical Education and Sports.
5. To promote the Physical Education and Sports programs at the grass root level.
6. To provide the community services in the field of Physical Education and Sports.
7. To promote the Physical Education and Sports as the social vehicle to inculcate the community understanding and goodwill upon the people of different ethnic groups.

Conferences/Seminars/workshops Participation

**M Ranjit Singh**
1. Delivered a lecture on Occasionally Weakly Compatible Maps in the National Seminar on Mathematics through the ages, an event to commemorate International Year of Mathematics of Planet Earth 2013 and the 900th Birth Year of Bhaskarcharya at Government Digvijay PG College, Rajnandgaon, Chhatisgarh, held on February 20-21, 2014.

**M Premjit Singh**
2. Participated in Interactive Program on Science Serial of All India Radio, Imphal and broadcasted on April 20, 27, 2014.

**Ng Ibohal**
1. Delivered a talk on Energy-momentum tensors for non-perfect fluids in the conference on Differential Geometry and Relativity, held during November 09-11, 2013 at Gorakhpur University, Gorakhpur (UP)

Invited talks/lectures:

1. Prof. Michel Waldschmidt, Number Theorist, Institut de Mathematiques de Jussieu(UMR 7586 du CNRS), Universite Piere at Marrie Curie (Paris) delivered a talk on the abc conjecture and some of its consequences on November 14,
2. Dr. Kh. Herachandra Singh, Assistant Professor, St. Mary College, Shillong delivered a talk on Rigidity of Modules on January 28, 2014.

Conducted Competitive /Entrance Exams:

M Ranjit Singh
1. Conducted NSTSE Examination-2014 for classes II to XII on February 2, 2014, for IM PHAL Centre in the Manipur University Campus.

2. Nationwide Entrance Examination for admission to Chennai Mathematical Institute for B.Sc./B. Sc (Hons) Mathematics and Computer Science/, B. Appointment/Promotion/Retirement/Reutilization

1. Prof N Nimai Singh was appointed as Professor in the Department of physics in December 2013
2. Dr. S. Dhiren Meetei was appointed
as Guest Lecturer in March 2014

3. Dr H Basantakumar Sharma was promoted to Associate Professor Stage 4 from Asst. Professor Stage 3

As the department was very much in need of his services, he has been reutilized in the department for a period of 4 months.

**PhD enrolled in the year 2013-2014**

1. A Keshwarjit Singh under the supervision of Prof K Yugindro Singh

2. Samananda Khangembam under the supervision of Prof K Yugindro Singh

3. W Priyokumar Singh under the supervision of Prof Sh Dorendrajit Singh

4. K Reena Batki Devi under the supervision of Prof Sh Dorendrajit Singh

5. M Victory under the supervision of Prof. Sumitra Phanjoubam

6. H Hemanta Singh under the supervision of Dr H Basantakumar Sharma

7. Ng Chandrasekhar under the supervision of Prof R K Gartia.

**SPONSORED/ATTENDED/ORGANISED BY THE FACULTY MEMBERS:**

**Th. Ibungomacha Singh, Asst. Prof. (CSE)**

**Laishram Bidyapati Devi, Guest Lecturer (ECE)**
2. Successfully attended and actively participated in the TEQIP faculty development programme “Advances in Electronics & Communication (AEC)” held at NERIST, Nirjuli, Arunachal Pradesh, 22-26/7/13

**Dr. Th. Kiranbala Devi, Asst. Professor (CE)**
2. Attended the Training Programme on “Scrutiny of DPRs of Roads &
Bridges for New STAs” organised by Indian Academy of Highway Engineers, Noida., 23-27/12/13

5. Poster Presented “Seismic Protection on Non-Engineered Building In North-East India” in the National Conference on “Emerging Global Trends In Engineering And Technology, (Egtet)” organised by Don Bosco College of Engineering And Technology, Assam Don Bosco University, Guwahati, Assam, 7-8/3/14

6. Participated in the ICONACC 2014 organised by Manipur Institute of Technology, Takyelpat, Imphal, 10-12/3/14

Dr. Anita Sorokhaibam, Asst. Professor (Maths.)

1. Successfully completed a Short Term/In-house Training Programme on “Exposure on MATLAB” organised by NITTTR, Kolkata, 23.12.13 to 3.1.14

Sharmila Meinam, Asst. Professor (ECE)

1. Presented a Research Paper titled “Some Studies on Different Power Allocation Schemes of Superposition Modulation” in the Second International Conference on Advances in Computer Science and Application, CSA 2013, organised by the Association of Computer Electronics and Electrical Engineers (ACEEE), Lucknow, India, 21.6.13

2. Participated in one day workshop on “Intellectual Property Rights (IPR)” organised by National Institute of Electronics and Information Technology (NIELIT), Imphal, 29.1.14

Kh. Renuca, Asst. Professor (ECE)

1. Attended in TEQIP faculty development programme “Advances in Electronics & Communication (AEC) held at NERIST, Nirjuli, Arunachal Pradesh, 22-26/7/13

3. Participated in the One day workshop on “Intellectual Property Rights (IPR) organised by National Institute of Electronics and Information Technology (NIELIT), Imphal, 29.1.14

INDIRA GANDHI NATIONAL OPEN UNIVERSITY (IGNOU)

The Indira Gandhi National Open University (IGNOU), New Delhi, is the nerve centre of the National Open University system in the Country. The Study Centres are located in the Educational Institutions and Universities all over the Country. The Imphal Study Centre of IGNOU established in the year 1987 and is located at Manipur University. The Centre offered only one academic programme (Diploma in Management) in the year of 1987 with strength of 6 students.

The Manipur University has provided accommodation for office and classrooms of the Study Centre. The IGNOU, New Delhi provides all other infrastructures. The IGNOU, New Delhi announces admission notice twice in a year i.e. January session and July session for all the programmes which offered, in all National News Papers, Local News Papers, Radio and Doordarshan channel for the benefit of the residents of all over the state. The aim of the IGNOU is to provide access to higher education for the large segment of people, especially the disadvantages sections, in-service people and all those who are interested for higher studies and learning new subjects.

The IGNOU, Imphal Study Centre organises face to face counselling/classes to the students on Sundays, 2nd Saturdays and holidays engaging qualified academicians from the universities, colleges and other institutes. HEALTH CENTRE

The Health Centre M.U., Canchipur has been a nodal Health Dept. Although Health Center has only O.P.D. facility, patient are kept under observation during 10 am to 5pm ,given all the semi emergency care and management, also involved in providing 24 hours medical consultation to the different constituents of the university fraternity and also people from the adjoining areas.

It has facilitated Government sponsored programs,

1. Like Pulse Polio immunization programme.
2. Taking care of women and individuals from time to time. The Health Centre has given coverage to the Sports and cultural events .It gives full medical coverage to individuals participating in Seminars/Symposium organized on the University premise by the several department of the University.
3. The Health Centre has been sending patients to the referral hospitals depending upon the severity of the cases.
4. Full medical coverage to Inter College Youth Festival in the month of Nov.2011.
5. Voluntary Blood Donation Camp was organized in collaboration with J.N.I.M.S., SHIJA HOSPITAL, and R.I.M.S.
6. Another Blood Donation was organized by HDFC Bank. In the month of September 2013.

7. The number of patients attended during the period under report: 5053

**Total Number of General Patient-4483,**

**Facilities available in the department,**

- a. Blood Grouping and cross matching
- b. Hemoglobin estimation
- c. I V Transfusions
- d. Nebulizer
- e. A to Z Dental care
- f. Blood Sugar estimation
- g. Ultra Sonography guided Physiotherapy equipment.

Regarding plans of the department, several ideas have been suggested in the past years but it is urgently felt that the hospital building which is coming on the university Campus be expedited, a staff car may please be procured , state of art X-ray machine, Tele medicine etc. be made available. The Health Centre definitely needs liberal funding .More Doctors Nurses and other Para-medics be appointed to cater to the ever increasing residents on the campus.

In the absence of any good hospital in the vicinity the Health Centre if augmented to a hospital will be definitely an asset to the people of the region.
Manipur University being a Central University has to offer best facilities to the people of the University and in its adjoining areas with a sense of responsibility. It will however have to play a larger dignified role in the coming future as such half hearted measures will not suffice. Our community needs a focused participation.

The Centre needs a staff car to strengthen the mobility of the centre which has remained unaccomplished since the last many years should materialize at the earliest in the interest of the resident on the campus.

A chaukidar may please be stationed in the vicinity of Health Centre and Ambulance along with the Driver too be stationed there permanently, this proposal has been made repeatedly in the past.

**URIREI HOSTEL (LADIES HOSTEL NO. 1)**

University Hostels provide opportunity for students coming from different parts of the country/state to learn, to live together and to strengthen their relation in team spirit and good will. By boarding in the University hostels, students can devote adequate time to their studies and research. It may also help students to develop their extra-curricular activities.

**About the Hostel:**

The Urirei Hostel (Ladies Hostel No. 1) is the oldest hostel in the University. It has two blocks, a) Old Block and b) New Block. The intake capacity of the hostel is 190 students. At present, 185 students pursuing various courses are staying in the hostel.

**NATIONAL SEMINAR ON YOUTH FOR GOOD GOVERNANCE**

A Report is being given here on the National Seminar (from the Rapporteur’s Remarks):
her select light songs to entertain the gathering.

Dr. Ch. Ibohal Singh, Programme Co-ordinator, NSS Cell Manipur University who was the Organising Secretary of the seminar gave Welcome Address. In his address, Dr. Singh briefly highlighted the various activities and programmes taken up by the NSS units of the state under supervision of his designated office, which he has immensely enjoyed over and above the academic duties as a faculty member. He also stressed the importance of the seminar in the context of India’s democracy and the role of her youths in stabilising democratic spirit among the masses. Dr. Singh also expressed his happiness at the high turnout of delegates which was beyond his expectation and which was in fact a source of inspiration to the organisers to move forward with various youth oriented programmes in the future.

Key note address of the seminar was given by Shri. Satyanarayan Sahu, Joint secretary, Rajya Sabha Secretariat, Parliament of India, New Delhi. In his key-note address, Mr. Sahu focused on three important points – first, youth as a potential energy in general term; second, highlights of National Youth Policy of India; and third, the potentials of the youths of the North East India. While quoting various parts of the National Policy 2012 to emphasise the role of the youth in nation building and in maintaining good governance, he reminded the delegates of the crucial change in the voting age by bringing it down from 21 to 18, which quintessentially indicated the serious concern of the government of India in the matter of youths empowerment. Observing that youths are both the objects and the subjects of various programmes taken up by the government, he called upon the youths of the country to cultivate and promote constitutional and ethical values in their activities so that they would be committed to working with transparency and accountability in public life, the two key-words for achieving good governance in any enterprise. To empower themselves today’s youths should avail themselves of the opportunities given to them to enjoy accessibility to information through modern technologies, he added.

Recounting his own past experiences as an NSS volunteer during his college years in his home-state Orissa (Odisha), he reviewed that the objective of NSS i.e. “personality development through community service” is reflected in the Preamble to the Draft National Youth Policy 2012, wherein it emphasizes the creation of ‘a bond between young people, on the one hand, and the community, on the other.’ With all their knowledge, skill and uprightness our own youths should get involved in local governance and thus contribute towards achieving good governance from the grass-root level, he said.

Remembering what Pdt. Jawaharlal Nehru once remarked in appreciation of the cultured mannerism and capability of Manipuri people, Mr. Sahu expressed his belief in the creativity and capability of the Manipuri people to shine in many fields. He gave the examples of
Md. Ismat of Manipur who had recently topped the All India CBSE Examination 2012 and a host of sports persons and performing artistes bringing laurels to the nation. What Nehru pointed out in 1952 in his letter to the then Chief Minister of Manipur that the three priorities of the people of Manipur were the formation of a representative government, establishment of schools and construction of roads, a lot remains to achieve in these fields till today, particularly in the last two domains. Here too lies the need of good governance and the role of the youth in its realization. He earnestly hoped that the youths of the North East, particularly that of Manipur should work diligently in fighting many social evils like crime against women, drug abuse, illicit trafficking and rampant corruption and they could ultimately emerge more brilliantly than ever in their respective fields by making use of constitutional method and judicial mechanism, thereby making themselves a standing proof of peace, progress and prosperity, he observed.

The National Seminar on Youth For good drew a large congregation of delegates. In fact it has recorded the maximum number of participants / delegates in the annals of seminars so far held in Manipur. Around six hundred delegates were registered in that seminar which was sponsored by the Manipur University and Branch Office of the State Bank of India, Manipur University Campus.

There were eight speakers presenting working papers on different aspects concerning the dynamics of youth and good governance. Prof. C.J. O’ Brien, Department of English, MU spoke on ‘Youth and Governance : A Bird’s Eye view Around the Globe’, Dr. N. Sushilkumar Singh, Associate Professor, Department of Communication Management & Technology, Guru Jambheshwar University, Haryana on ‘New Media for the Empowerment of Youth for Good Governance’, Dr. A. Birajit Singh, media writer on ‘Youth and Proportional Electoral System for a Healthy Democracy’, Dr. Y. Junu Singh, Additional SIO, NIC Secretariat, Imphal on ‘E-governance vis-à-vis Good Governance’, Prof. S. Lokendrajit Singh, Department of Philosophy, MU on ‘Corruption and Good Governance’, Dr. Tamphasana Rajkumari, Associate Professor of History, G.P. Women’s College, Imphal on ‘Youth, Drug Abuse and Governance in Manipur’, Dr. M. Nara Singh, National Co-ordinator of Campaign for Electoral Reforms in India (CERI) on ‘India Needs Electoral Reforms’, Dr. Yugal Rayalu, Head, Vocational Department, Dharampeth Science College, Ambazari, Nagpar on ‘Good Governance and Role of Youth’.

Prof. W. Nabakumar, Director, Centre for Myanmar Studies, Manipur University was on the dais as the moderator of the seminar.

The first speaker of the seminar was Prof. O’Brien Department of English, Manipur University who spoke on ‘Youth and Good Governance: A Bird’s Eye View Around the Globe’. Starting with a quotation from Rabindranath Tagore that reads ‘Age considers, youth
ventures’, the speaker first of all dwelt upon the concept of youth currently in vogue in different countries around the globe. He points out that some authors favour ‘biological markers’, while others use ‘cultural markers’ to define youth. Even though the age-range of youth-period according to the United Nations is 15-24 for statistical purposes, different countries and different cultures follow different age-ranges, he informed. With supporting data he showed the percentage of youth component in the population of different countries, by which he sought to prove that youth is a vital force all over the world both qualitatively and quantitatively.

Regarding the role of the youth in governance, he takes up the sample of Zambia, where youths are formally trained through projects in collaboration with the World Bank Institute. He revealed that the students in Zambia are to attend classes where they have lectures on ‘governance and anti-corruption, ‘democracy and good governance.’ Then he talked briefly about the UN Youth Agenda, global youth policy apart from the well-known United Network of Youth Peace Builders (UNOY Peace builders) founded in the Netherlands in 1989. Coming to Indian Context vis-à-vis the youth’s role in governance, he recalled how our former Prime Minister Rajiv Gandhi introduced the age of 18 yrs. as the age of adult franchise as against 21 yrs. previously being followed.

Another particular field where the youth can take a major role is the media or journalism, he pointed out. He was right that media can play a big role in governance. Prof. O’ Brien hopefully wished that the youth should work along with their seniors and the seniors also should accept the capability of the youths. The power of youth in tandem with the seniors is a historical proof, which we have seen during the Quit India Moment of India’s freedom struggle, he remembered.

The second speaker was Dr. N. Sushilkumar Singh, Associate Professor, Department of Communication Management & Technology, Guru Jambheshwar University of Science and Technology, Hisar. He spoke on ‘New Media for the Empowerment of Youth for Good Governance. By drawing attention of the delegates to the fact that ‘menacing technology’ has ‘redefined the paradigmatic ‘space’ and ‘time’, he stressed on the need to streamline science and technology so that we keep ourselves prepared for the challenges regarding governance, in which the youths have a substantial role to play.

Dr. Singh centred round three premises, such as (i) the news media which has become an inseparable part of social, political and economic lives of the people, (ii) recent changes in the governance system like the e-governance which can monitor people’s services and systems in a more efficient and effective manner (iii) the potential of today’s youth in the service of the country.

Dr. Singh emphasised the role of new media accessible through social media like face book, twitter, blog which have provided a platform for social
dynamism. He presupposed that the agenda of youth for good governance can extensively and exhaustively be put on the social sites and regulated for a social capitalization process that would empower youth. This is a vision that can be made into a vision by public participation and government machinery. He cited an example from the state of Haryana, where the government started E-disha and proved it a successful venture. In conclusion he remarked that ‘the youth are required to be empowered with the technology to enable them take responsibility for good governance.

One would agree that good governance is essentially related with the potential will of the ruling party and their sense of commitment and obligation. So corruption free administration would facilitate any attempt to bring about good governance. And clean administration has a lot to do with the prevailing electoral system. Therefore a topic on “Youth and proportionate electoral system” was a thoughtful topic. Dr. Arambam Birajit spoke on this topic very convincingly. He reiterated that ‘election reflects the weight of public opinion, consideration of popular insight and representation of social, economic and political concern of citizen. Dr. Birajit listed sixteen points regarding the defects of the electoral system presently in practice in India known as PR system (Proportional Representation electoral system) which has been strongly proposed by CERI. These points need to be discussed in public, particularly among the youths, he emphasized. Coming to the question of a common platform of the Indian youths he rightly observed that NSS is the best model in the country, because it is by far the biggest youth organization in the country.

Though the importance of e-governance is widely known, few people are aware of its technical aspects and the procedures associated with this revolutionary changes taking place in India, thereby, making progress leaps and bounds since 2003-2007, when the government of India formulated the National e-governance place (NeGP). In this seminar Y. Junu Singh, Scientist-E, NIC Manipur was the right person to give a comprehensive idea and a detailed importance of e-governance though in a brief way. In simple and easy terms he informed that e-governance help to improve the delivery of public services and simplify the process of accessing them at the Central, State and Local. He says ‘e-Governance in India has been steadily evolved from computerization of Government Departments in favour of citizen centricity, service orientation and transparency. He explicates various projects under NeGP under three categories namely central MPPs, State MPPs and Integrated MPPs (MPP stands for mission mode projects). He also talks about the role of concerned ministers in the implementation of projects. He even gives examples of some successful projects like Bhoomi of Karnataka, Gyandoot of Madhya Pradesh, SARI (Sustainable Access in Rural India) of Madurai in Tamil Nadu etc, where the local youth actually involve in providing e-mail, voice-mail, web-com technology to the local population for submission
and issuance of birth certificates, death certificates and other documents. That’s how the youth can play a role in e-governance, and many more they can do.

Prof. Soyam Lokendrajit Singh dwelt upon the dynamics of corruption from a philosophical point of view. How one is led to get indulged in corruption despite many positive forces in operation regulated in our systems, cultural, social & political etc and the antithetical forces that would confront this deeply rooted attitude, and the role of open discussions, the intervention of activists etc.

Manipur, to many people, is a land of paradoxes. Though it is famous for a good many reasons, it is at the same time notorious for certain reasons. Drug abuse and HIV/AIDS are two despicable labels which are associated with Manipur in its contemporary history. Therefore an insight into ‘Youth, Drug Abuse and Governance in Manipur’ could be a timely response towards a healthy society, characterized by healthy mind and healthy attitude, a hot topic set for serious discussion. Dr. Tamphasana Rajkumari, an Associate Professor of History at G.P. Women’s College, Imphal chooses to speak on this burning topic.

The speaker reported that as per 2001 census there was in Manipur 8,83,795 youths in the age-group of 13-35 years, which is 37 % of the total population. The future of this young generation will be the future of Manipur. With this substantive view, Dr. Rajkumari showed how much our youths have been affected by drug abuse, as a result of which they would fail themselves in upholding our democratic and secular spirits through meaningful participation in the governance. She expresses the general concern of the populace over the alarming situation of easy availability of drugs in the state.

Supported by authentic data and information collected from research-based investigations and survey-reports, she gave us an impressive account of the present scenario of drug abuse and illicit trafficking in the state, and thus she awakened our conscience that we are at a crucial stage now, and therefore unless we do something quickly we shall have to suffer a steep downfall, an irreparable loss of the youth power.

Dr. Rajkumari concluded her representation with an oblique suggestion that the government should take a firm stand with unflinching political will against these menace of drug abuse and illicit trafficking. She wondered why the government hasn’t yet incorporated stringent punishment norms in the Narcotic and Psychotropic Act 1985. Even after nearly three decades since its adoption, the act has been remaining scarcely effective in containing drug related offences, she regretted.

So she thoughtfully concluded her representative with the sentence: we are all aware of the fact that USA, Singapore and China impose severe punishment to the drug offenders. If so, then why we are so sluggish and indeterminate in learning good lessons from these countries before we paid heavy price for our own sluggishness
and indeterminacy.

Dr. M. Nara Singh, National Co-ordinator of Campaign for Electoral Reforms in India (CERI), spoke on why ‘India needs electoral reforms’, taking it for granted that the youth has a role to play in such progressive movements, which would lay the foundation of corruption-free society. He briefly explained how the present electoral system in India fails our democratic principles. He also disclosed that the average Member of Parliament got only one fourth of the vote share in the 2009 parliamentary election, in which 145 out of 543 elected members won their seats with less than 20% votes. He cited the ills of MES such as meaningless of majority, room for corruption, use of muscle power, communalism, mindless violence in bye-elections etc and then he emphasized that these ills would be considerably minimized in PES. Dr. Singh made a very pertinent point that more than ever, India is in dire need of introducing an electoral system that will enhance and guarantee the meaningful participation of citizens in governance. He addressed an issue in this regard that among the intelligentsia in India some of them don’t want to adopt the new system like PES due to their vested interests. Such an issue can be resolved only through successful campaign with the participation of the youth, he hoped.

Dr. Yugal J. Rayalu spoke on ‘Good Governance – the role of Youth’. At the very outset he gave some examples of state governments in India where people had given a mandate to throw corrupt governance. After giving a few insight into the dynamic relationship between democracy and good governance, he dwelt on the participatory role of the youth, desperately called for at present. With the help of LCD projector, he explained and elaborated the points. With his good oratory power he duly motivated the youths and other participation of the seminar.

Moderator’s Remark

After the eight speakers, it was now time for Prof. W. Nabakumar Singh, the moderator to give his viewpoints on the deliberations. He re-emphasized the role of the youth in bringing about good governance. He also re-capitulated the main points put forward by the speakers and thanked them for their deliberations. He also thanked the delegates for their enthusiastic response to such an academic platform.

Recommendations

Mr. P. Birchandra Singh, the Rapporteur General of the seminar read out the recommendations of the seminar. The august house adopted five recommendations as outcome of the seminar:

1. The Youth organizations and agencies in the country should play a pivotal role to make their youth aware of the democratic and constitutional process and conduct of elections at different levels to bring good governance.

2. The NSS volunteers need to be trained on the ways how good governance in the state and centre can be materialized so that they can mobilize the masses in large scale to join hands towards having pro-
people, transparent and corruption free government.

3. Our Youth should come forward to exercise their valuable responsibilities to combat drug abuse, illicit trafficking and to mobilize the masses about the social evils of the same. Moreover, commoditization programmes in various sector of governance for the active participation of the community need to be enhanced in which youth of the country can involve themselves to make government and public aware of it.

4. Accessibility to the services and facilities under E-governance should be enhanced by the Youth taking the advantage of the Information and communication Technology to make the government more alert about public vigilantes in implementing different schemes, programme, etc.

5. The need for electoral reforms in India to have good governance has been talking by all as the prevailing system encourages corruption, room for muscle power, communalism, etc. In this regard, the Mixed Member Proportional Representation System as proposed by academicians, executives and many politicians is taken into consideration to follow for which our youth need to be motivated by the agencies like NSS in the country.

At the Closure of the Session

Before dispersal, Dr. Ch. Ibohal Singh, the Convener of the seminar proposed vote of thanks. Expressing his contentment at the huge turnout of delegates, he expressed his gratefulness to each and everyone for their active and enthusiastic participation and making the seminar a success story.

Cultural Evening: The kabuliwalah

After having witnessed the two hectic sessions, there was a cultural evening in which a galaxy of spectators were attended. The world famous ballet “The kabuliwallah” was performed by the artists of Manipuri Jagoi Marup, Imphal. The same was on the stage as a tribute to the Guru Rabindranath Tagore by the NSS fraternity of Manipur as a part of the 150th birth anniversary of the Viswakavi. With this ballet the one day National Seminar on “Youth for Good Governance” was successfully concluded making the event a success story of the NSS Fraternity of Manipur.

CAMPAIGN AGAINST DRUG ABUSE AND ILLICIT TRAFFICKING

The NSS Cell, Manipur University has successfully conducted a month long programme CAMPAIGN AGAINST DRUG ABUSE AND ILLICIT TRAFFICKING across the state. The campaign was formally kicked off by Prof. H.N.K. Sarma, Vice Chancellor of the University while inaugurating the National Seminar on Youth for Good Governance organized by the NSS Cell collaborating with the State NSS Cell and all the NSS units of the state on 30 May, 2013 at the Centenary Hall of the Manipur University. Altogether 352 (three hundred and fifty two) individuals comprising of NSS Programme Officers and volunteers of various NSS Units of colleges and schools, youth clubs, actively participated in the programme that concluded on 26th June, 2013.
with the observance of International Day Against Drug Abuse and Illicit Trafficking. The observation was held at the Court Hall of the University in which Prof. H.N.K. Sarma, Vice Chancellor of the University and Prof N. Deva Singh, Dean School of Human and Environmental Sciences graced as the Chief Guest and President respectively. vii. Incorporation of NSS related matters in Degree Syllabus
viii. Reorganisation of NSS Units
ix. Need for conduct of Refresher Course for the Programme Officers
x. Miscellaneous with the permission of the Chair

At the very outset the Programme Coordinator, NSS Cell, Manipur University, Dr. Ch. Ibohal Singh welcomed all the newly nominated members of the Manipur University NSS Advisory Committee and took up the agenda items of the meeting.

All the members present in the meeting also introduced themselves.

Prof. N. Lokendra Singh, Registrar of the University also gave his remarks on the activities and programmes of the NSS Cell, Manipur University.

**Agenda-wise Discussion and Resolutions**

**AGENDA ITEM-1**

Brief Report and Review of the NSS programmes under NSS Cell, Manipur University and Units under the Cell 2012-13 and till August, 2013.

Resolution No. 1: The Programme Coordinator, NSS Cell, MU presented the brief report and review of the NSS programmes taken up during the year 2012-13 and till August, 2013 by the Cell. The members expressed their happiness and expressed satisfaction to the report and then the same was duly approved by the meeting.

**AGENDA ITEM-2:**

Allocation of Fund to the NSS Cell, MU and Units under the Cell

Resolution No. 2: The Programme Coordinator narrated that the distribution of funds to the NSS Cell, MU and to all the Units under the Cell was supposed to be done electronically but because of want of account and authorization letters from some of the Units the electronic transfer of the fund could not be materialised for the financial year 2011-12 and 2012-13. The same, as such was encharged to the office of the SLO and distributed in cash to the cell as well as to the Units. For the year 2011-12, the Cell has received as sum of Rs.1.89 lakh and Rs.44,000 for the two units of the University. For the year 2012-13 also a sum of Rs 2.28 lakh for the Cell and Rs.90,000 for the two units of the University has been received and duly deposited to the Account of the NSS Programme Coordinator which is operated jointly with the Registrar of the University. In this regard, the Head, NSS (NER), Guwahati expressed that SLO office should take up steps to allocate fund to the respective units so that programmes- both special camp and regular camps can be conducted without any difficulty in time.

**AGENDA ITEM-3:**

Deployment of Staff to the NSS Cell, MU

Resolution No. 3: The Programme Coordinator also made the members enlightened that the Ministry of Youth Affairs and Sports, Government of India has stopped to deploy NYC/NSV to the NSS Cell since 2012 onwards. Presently
the Cell is running without the support of any staff either from the side of the Ministry or University. As such it has become really difficult to carry out activities of the cell single handed by the Programme Coordinator alone besides teaching, academic and research programmes in the Department. He suggested that the University may therefore depute at least two staff who would be capable of handling computer, browsing internet and maintenance of the office systematically and one peon/Grade −IV. If the University is not in a position to deploy staff to the NSS Cell, then the Cell may be permitted to engage two staff out of the fund of the Cell, the minimum payment for them may be made as per rule of the University. The meeting after discussion had resolved to depute one staff (Junior Assistant) to the NSS Cell by the University Authority and permitted the Programme Coordinator to engage one or two persons as and when there are mega programmes and other events as per rate of the University i.e. Rs.192 per day.

AGENDA ITEM-4:
Institution of NSS Awards at the University Level
Resolution No. 4: The Programme Coordinator further enlightened that there are very active NSS Units, serious Programme Officers and dedicated Volunteers under the Cell. They need to be given due recognition for their service to the community by way of conferring awards at the University Level. He proposed three types of NSS Awards for discussion and resolved that the awards may be instituted by the University NSS Cell as detailed below:

1. One Unit Level Award: Rs.3000+Certificate+Memento
2. Two Award for Programme Officers: Rs.2000+Certificate+ Memento
3. Three Awards for Volunteers: Rs.1000+Certificate+Memento

Further resolved that the award be distributed on the NSS Day, the 24th September of every year. A Committee be constituted comprising of the following members to assess the performances of the applicants for the award:

1. Honourable Vice- Chancellor, MU: Chairman
2. Registrar, MU: Member
3. State Liaison Officer, Cell, Govt. of Manipur: Member
4. Youth Officer, NSS (NER), Guwahati: Member
5. A nominee from the NYKS, Regional Centre, Imphal
6. Programme Coordinator, NSS Cell, MU: Convenor.

The distribution of the award be started from the year 2014 onwards.

AGENDA ITEM-5:
Grace Marks for the NSS Volunteers
Resolution No. 5: The grace mark given to the NSS volunteers of the State of Manipur for admission into PG programmes is only 2 which is lowest when compare with the grace marks given to the volunteers of other states for the programme. So it was suggested to increase the mark from 2 to 6 or 7 as done in other universities. The meeting resolved to increase the Grace Mark from the existing 2 (two) to 7 (seven) as done in other academic institutions of the country and moreover one NSS volunteer has to engage at least 240 hours in two consecutive two years in the community service, which should be given due recognition. The matter
should be approved by the Academic Council Meeting of the University.

**AGENDA ITEM-6:**

Reservation of Seat for the NSS Volunteers in admission into MA Sociology Programme

Resolution No. 6: The Programme Coordinator presented before the members that NSS being a scheme for social service for the community development, there are student youths who are interested to continue their study after graduation in the subjects like MSW and Sociology. Reservation of seat for such students is found to be done in some universities of the country too. Since MA Sociology Programme has been introduced in Manipur University, at least one seat may be reserved for the NSS volunteers for admission into the programme. In this regard, members present considering the significance of NSS and its relevancy in Sociology has resolved to reserve one SEAT for admission into PG programme in Sociology under the Manipur University.

**AGENDA ITEM-7:**

Incorporation of the NSS related matters in Degree Syllabus

Resolution No. 7: NSS as a scheme has enormous potential to strengthen knowledge, capacity and skills of the students in a number of Social and Economic Development areas, some initiatives may be taken up from the University side to incorporate certain basic matters related to the NSS in the Degree syllabus. This will benefit both the NSS volunteers and non-volunteers and at the same time more students can be mobilised to become NSS volunteer. After a thorough discussion, the meeting resolved that the matter may be put up for further discussion in the academic council meeting of the University.

**AGENDA ITEM-8:**

Reorganisation of NSS Units

Resolution No. 8: Of the 92 NSS Units under the Cell there are some units where even their existence is not seen and also units whose function is almost NIL. As for instance, NSS Units under Canchipur College and Kakching College, even though, still in the record, are not really in existence. Also there are some units which have not been communicated to the Cell since last more than one year and without conducting any activity. Discussing the issues, the meeting resolved that reorganisation of the Units be done through conducting regular spot visit, cluster level meeting, workshop and motivations programmes by the NSS cell MU and State NSS cell replacing non-functional units by other interested Institutions and Colleges under the University. Moreover, Programme Officers who have completed even more than 10 years in the service and not taking much interest in the matter may be replaced by new interested teachers for which concerned Heads of the Institutes be intimated to take up further course of action.

**AGENDA ITEM-9:**

Need for conduct of Refresher Course for the programme Officers

Resolution No. 9: The programme Coordinator also highlighted that many changes have taken place in the mode of delivery of services through different programmes of activities under NSS. There are a number of Programme
Officers under the Cell who need to join refresher course to keep them pace with the changes taking place in the way of functioning of the Units. However deputation of Programme Officers to different training centres involves a huge amount of money to be spent from the limited regular fund of the Units. As such, as the meeting resolved on site programme be organised in the state from time to time for which the Programme Coordinator be permitted to contact training centres like TORC Narendrapur and the Indian Institute of Entrepreneurship (IIE), Guwahati as the Empanelled Training Institute (ETI) of the Ministry.

**AGENDA ITEM-10:**

Miscellaneous with the permission of the Chair

**Resolution No. 10:**

With the kind permission of the chair, the following matters were also discussed and resolved to carry out by the Cell:

1. NSS Week as week long programme in addition to observance of NSS Day
2. NSS Youth Month also be initiated
3. Mission GO GREEN to plant maximum trees in the state be enhanced as launched by the Cell
4. Mega Blood Donation Camps, etc.

The Hon'ble Vice-Chancellor Pro. H.N.K. Sarma, in his concluding remarks on the proceedings of the meeting expressed that he will extend maximum support to the NSS cell in carrying out different programmes for the sake of the community. At the end of the Meeting Dr. K. Shitaljit Singh, Programme Officer, NSS Unit-I of the University proposed vote of thanks to the Vice- Chancellor and all the members present in the meeting.

NSS DAY OBSERVED AND NSS WEEK KICK OFF
The 44th NSS Day has successfully observed on 24th September, 2013 by the NSS Cell, Manipur University with Vivekananda Lecture Series-2 at the Political Science Department of the University. The Cell also kicks off the NSS Week w.e.f. 24th September, 2013 to 30th September, 2013. The service rendered by the NSS volunteers is not for the sake of volunteers only. NSS is a Social Service for the cause of the welfare of the society. Our NSS volunteers have to go a long way to bring peace, communal harmony, all round development in the society. The role of the youth of the country which constitute almost 40% of the total population of the same need to be rejuvenated in different aspects so as to contribute in the nation building process. This can be done by rendering community development service through a number of activities. We should therefore make such a week to do the same. Keeping our motto: NOT ME BUT YOU let us join hand together to make the NSS WEEK a meaningful event in this part of the country.

In the same Prof. Ksh. Bimola Devi, Department of Political Science, MU graced as the Chief Guest and Chairperson of the Vivekananda Lecture Series-2. While giving his welcome address, Dr. Ch. Ibohal Singh, programme Coordinator of the NSS Cell, MU emphasized the significance of observing NSS Week particularly in this part of the country. He also mentioned that Manipur would be the first to observe NSS Week. No other state of the country has observed NSS Week so far. Prof C.J. O’Brien of the English Department, MU as a speaker of the Lecture Series delivered lecture on “Vivekananda: His Visionary” and Dr. Bhaskar Mutum, RGNIYD, Tamil Nadu as another speaker on “Youth in peace building process”. During the function the result of the State Level Open Written Quiz Competition-2013 under the theme KNOW YOUR NSS conducted on Sunday, the 22nd September, 2013 at Johnstone Higher Secondary School, Imphal was also declared. UGC – ACADEMIC STAFF COLLEGE

Year of establishment: February 2007

Prof. M C Arunkumar is currently looking after the office of Director, UGC-ASC, Manipur University.

In the year 2013-14, UGC-Academic Staff College, Manipur University conducted 20 programmes – four Orientation Programmes, ten Refresher Courses, four Short Term Programmes, one Winter School and one Summer School.

UGC-ASC, Manipur University was established to achieve the goals set under The National Policy on Education (NPE) 1986. Its programme of action makes a pointed reference to the crucial link between teacher motivation and the quality of education.

Keeping the objectives of NPE in view, the College performs its activities that include

i. To organise specially designed orientation programmes in pedagogy, educational psychology and philosophy, and socio-economic and political concerns for all new entrants at the level of lecturers;

ii. To organise such programmes (orientation/refresher courses) for serving teachers, covering every teacher at least once in three to five years;

iii. To organise specially designed orientation programmes/refresher courses in IT for new entrants as well as for in-service teachers; and

iv. To encourage teachers to participate in seminars, symposia, workshops, etc.

LIBRARY

**Introduction:**
The Manipur University Library came into existence along with the establishment of the erstwhile J.N.U. Centre of Post Graduate Studies, Imphal on 19th November, 1972. The Manipur Legislative Assembly passed the Manipur University Act, 1980 (Act 8 of 1980) on 5th June 1980 and upgraded the P.G. Centre into a State University. Later the Indian Parliament passed the Manipur University Act, 2005 (Act 54 of 2005) on 13th October, 2005 and upgraded the then State University to the status of Central University. All along the process of upgradation and assessment of the university, the Library was considered as an important component and asset of the University.

Library Networking:
Manipur University Library is in the forefront of library automation and networking in the North East India. The library became a node of INFLIBNET since 1993. Its three databases namely: (i) Books (ii) Serials and (iii) Theses are incorporated in the union database of INFLIBNET, Gandhinagar.

The library is also a member of UGC-Infonet e-journal consortium. The consortium provides current as well as archival access to more than 8663 core and peer-reviewed electronic journals (with more than 10 years back files or volume 1 onwards in several cases) and 11 bibliographic databases to core member universities from 24 publishers and aggregators in different disciplines. This facility is extended to other departments by Fiber Optic Cables.
The library became a member of Shodh Ganga programme of INFLIBNET on 17 March 2011. Under this programme, our library users can access the theses uploaded to the INFLIBNET website not only by our university but also by other member universities of India. At present the library has more than 50 computers with internet and Wi-Fi connection within the library.

Digitization of the Library:
The library started digitization of its rare collections under the “Digital Library of India” a project of CDAC, Kolkata, Ministry of Communication and Information Technology, Government of India. Under this project our reader will be able to read not only our rare books but also books of other member libraries participated in the project.

COMPUTER CENTRE

Year of Establishment: 1985
No. of Staff: 10 (ten)

The Computer Centre is run under the supervision of the Systems Manager as the Head of the Centre. The Systems Manager is assisted by three officers i.e. one Systems Engineer, two Programmers and six other supporting staff i.e. one Operator, two Data Entry Operators, one Computer Assistant, one Website Assistant (contract), and one Peon.

Facilities available in the Centre:

The Centre has got a classroom cum Computer Laboratory with 11 PC’s, with one LCD projector, one Laser Jet printer, one Inkjet Printer, one Scanner, one Jet Scanner and one DMP line printer.

Aims and objects and activities of the department:

The Computer Centre performs the task of office automation of the University, especially of administrative, financial and examination works. The Centre also imparts training on computer usage to all concerned. It provides computer facilities to scholars. One of its aims is to promote the use of computers in the State. This Centre processes the payroll, undergraduate and post graduate examination results, etc.

Aims and Objects:

i. To computerize all the areas wherever possible in the University
ii. To impart computer training to our teaching and non-teaching staff members of our University and also the outside trainees other than the University employees.
iii. To take projects for computerization in the different departments of the state of Manipur.
iv. To give consultation services to the state government departments in procuring computers and in developing user applications packages.

Activities:

i. Pay-roll Processing
ii. BA/BSc/BCom/MA/MSc/MCom. Examination Results Processing.
iii. Giving training to Students and Research Scholars for our university.
iv. Maintenance of the web pages of the university.
v. Using the ICR (Intelligent Character Recognition) scanner, the examination and registration forms were scanned and processed to help the Examination and Registration Section.

Many projects are also being undertaken for computerization of the various remaining areas where computerization is needed for effective and transparent administration of the university.
Manipur University Central Museum, the first of its kind in North East Region is a multipurpose Museum. It is an academic organ of the university for providing facilities to researchers and scholars of the University in various aspects of History, Archaeology, Archives and Ethnology etc.

Manipur University museum was established in the year 1980 with a resolution of the Academic Council of the Manipur University. It was attached to the department of History.

The Syndicate meeting of the Manipur University which was held on 7.08.2004 the Syndicate resolved to upgrade the museum as a Central University Museum as full-fledged department. In the year 2005 new Central Museum was inaugurated by Prof C Amuba Singh The Vice Chancellor of Manipur University.

The main aims and objectives of the University Museum are to cater all the needs of the other academic departments in the field of Research and Education as well as to preserve our cultural heritage.

For a last few months the Manipur University Museum has been progressing in various ways: three new galleries are organised. Many valuable antiques are collected. Now we have divided the sections as (1) Archival gallery (2) Art Gallery and (3) Ethno-Cultural Gallery.

These Archaeological sections are also going to open to the visitors within a short time. At present Dr H Bilashini Devi, Curator is looking often the Museum subordinate staffs.

Our museum staff organised many collection tour programmes during the year 2013-14. Some of the most important collected materials during the year may be mentioned as the following:

Archival photographs:

University museum organised an exhibition on Archival photographs which are very useful for the researchers in modern history. Collected photographs are exhibited in the Archival Gallery.

Not only this we have preserved numismatic records for the use of historians. The newly collected coins are enclosed as the following:

Recently University Curator organised a collection tour at different areas of Imphal and collected some valuable traditional Jewelleries which are related to the socio-religion cultural History of Manipur.

Publication during 2013-14

University museum published Bulletins regularly since 1987. A catalogue on Archival record is going to be released within a short time. Preparations of Guide Books on different exhibits are also completed.

Manipur University Central Museum has been collecting many valuable textile materials which are related to socio-cultural History of Manipur. Among the collected objects a turban worn by Maharaja Churachand
is worth to mention. Recently Dr. H. Bilashini Devi visited NRLC, New Delhi for conservation of the collected textile objects. Many old royal costumes are also preserved and conserved properly.

Not only these University Museum organised an exhibition on conservation of manuscripts collected by Manipur University Central Museum. As manuscripts are the wealth and heritage of our culture, history, language, literature and of course civilisation, we have preserved many valuable manuscripts during this year. These manuscripts could be better source of knowledge. It has its importance in the field of Education and research in regional history.

The main aims and objectives of the museum are to give maximum facility to the researchers. Therefore all the objects should not be perished. The information contained in the antiquities must be made available to the students, teachers and research scholars or users who need them. Thus accessibilities availabilities and permanence are the major facility provided by M.U. Museum.

At present the museum is look after by Dr. H. Bilashini Devi, Curator with her four subordinate of staff:

Academic activities
(i) Published Bulletins
(ii) Published research materials on collected objects

Main disadvantages
Due to lack of adequate fund and important staff University museum has been facing a lot of drawbacks. Any development programme which could be useful to the visitors and young students of this university could not be done in satisfactorily.

FINANCE AND ACCOUNTS

The Finance and Accounts exercises general supervision over the funds of the University and advises it in respect of its financial policy. He performs such financial functions as are assigned to him by the Executive Council, Statues, Ordinances, the Finance Committee, and the Vice-Chancellor. He is the EX Maintenance (Non-Plan) Grants.

The net expenditure connected with maintenance of the University, after taking into account the income of the University by way of fee and other receipts, is supposed to be met by the University Finance Requirements:

The Financial requirements of the University for the year 2012-13 (Revised Estimates) and 2013-14 (Budget Estimates) are as follows:

Development (Plan) Accounts:

The expenditure on various Development (Plan) Schemes, which are included in the Eleventh Five Year Plan and also “On going” programs of construction of Buildings, etc. brought over from the previous Plan, is met out of the Development (Plan) Grants received from the University Grants Commission. Expenditure of capital nature – Construction of buildings, Development of University campus, Purchase of Scientific and laboratory equipment, Library books, Furniture etc. is incurred out of these grants. In addition, the revenue expenditure on such additional posts, which have been created during the Plan period in execution of the new schemes, is also met out of the Plan fund.

During 2012-14 i.e. the 3rd year of the XI Plan period, the University Grants Commission has sanctioned a total amount of Rs. 1900 lakh as General Development Assistance of the University, Rs. 172.35 lakh for Merged Scheme and Rs. 500/- each for Development of Faculty of Management and Faculty of Engineering.

The requirements of the University to meet its development projects, in brief, are as under:

UNIVERSITY GRANTS COMMISSION (UGC) SECTION

This Section deals with matters relating to the University Grants Commission, particularly recommendation of Research Projects, maintenance of progress reports of the completed and ongoing research projects, circulation of University Grants Commission letters to the Schools and Departments, Principals of the affiliated colleges, etc. Over and above, this section maintains statistics of the University and also deals with other correspondences of Council for Scientific and Industrial Research (CSIR), Department of Science and Technology (DST), University Grants Commission (UGC), Indian Council of Historical Research (ICHR), Indian Council of Philosophical Research (ICPR), Indian Council of Medical Research (ICMR), Indian Council of Social Science and Research (ICSSR) and Rajiv Gandhi National Fellowship for ST/SC (RGNF). Besides this section deals with matters relating to Major and Minor Research Projects, etc. It conducts National Educational Test under the sponsorship of University Grants Commission. Further, this is the only section dealing with the correspondences of research and exchange programme within India and Foreign Countries through the Association of Commonwealth Universities.

A number of students have been awarded Junior Research Fellowship (FRF), UGC-Research Fellowship in Science for Meritorious Students, UGC-BSR Research Fellowship in Science for Meritorious Students, Rajiv Gandhi National Fellowship for ST/SC (RGNF), Post-graduate Merit Scholarship for Universality Rank Holder, Post-graduate...
Indira Gandhi Scholarship for Single Girl Child and Post-graduate Scholarship for Professional Course for ST/SC of the University Grants Commission, Council for Scientific & Industrial Research (CSIR), Indian Council of Social Science and Research (ICSSR), Indian Council of Historical Research (ICHR) and Mahatma Gandhi Smriti and Darshan Smriti (MGSDS)
